JOE LEITER is forming a milk trust. Of course there will be watered stock in the concern.

THE Hon. Kid McCoy and the Hon. J. J. Corbett should cable their sympathies to Gen. Aguinaldo. They were also solar plexused.

THE Lord was certainly with America in the Spanish War. Every important battle, even including the last battle of Manila, was fought and won by the Americans on the Lord's day.

TEDDY ROOSEVELT, who led such a brilliant charge at Santiago, has led the march in the Charity Ball in New York with as much credit to himself. Teddy's versatility is something remarkable.

It is rumored that B. A. Enloe, late editor of the Louisville *Dispatch*, will buy the defunct Lexington *Argonaut*, which will be sold Monday, and will run the paper as a free silver organ.

THE opinions of the foremost men in the Democratic party seemed to have little influence with the Democratic members of the Senate on the question of ratifying the peace treaty. Cleveland and Carlisle opposed the ratification of the treaty but two of the three sound money Democrats voted for the treaty. Bryan favored the treaty, but most of the silver Democratic Senators voted against it.

ONE of the best papers that comes to THE NEWS office is the Henderson *Gleaner*. It's news columns teem with crisp items, and the editorial page is studded with clever paragraphs about people and politics, and interesting gossip of things about town, written by Mr. Roah Griffin who is one of the liveliest newspaper men in Kentucky besides being a genial gentleman.

Newspaper Excursion Abroad.

Arrangements have been perfected with Thomas Cook & Son by which these noted tourists will take charge of the trip of the National Editorial Association to Europe, starting May 21st of this year, returning July 22d. The trip will include Switzerland, Holland, Germany, France and England, (the regular \$350 tour) will be of fifty-three days' duration, and at the low rate of \$250 each person, which includes payments of all the necessary bills from the time of leaving New York until returning. All newspaper people and members of their families are eligible to go on this trip, and will be given full particulars by writing to the Corresponding Secretary of the N. E. A., J. M. Page, Jerseyville, Ill.

Mr. Goebel And The L. & N.

THE attempt of Mr. Goebel to make political capital of his opposition to the Louisville & Nashville railroad, will not win him much sympathy—especially in Bourbon.

The L. & N. has recently restored the ten per cent cut in the wages of its employees, and they are as happy and as well satisfied as the employees of any company which may be named. Nearly one hundred and fifty of the employees of the L. & N. make their home in Paris, and they are among the best citizens in the city. The L. & N.'s payroll to these Parisians is over ten thousand dollars per month, aggregating more than \$112,000 every year, nearly every dollar of which is spent in Paris. Besides this the L. & N. pays about \$3,000 taxes per year in the coffers of the city and county. And then this old reliable railroad gives Paris and Bourbon county a prompt and reliable train service in four directions.

What has Mr. Goebel done for Paris and Bourbon? He has given us nothing but an election law which the county did not want.

The practice of demagogues in seeking to array the people and labor against capital is utterly wrong. Labor—and the people represent labor—can no more get along without capital than it can get along without the labor of the people.

The railroads have done wonders in developing slow-going, backward Kentucky. Would that Kentucky had more of them.

The railroads and progress are better for Kentucky than are Mr. Goebel and demagoguery.

ONE of the most important announcements of the present amusement season, is that of the coming visit of the Ellis Opera Co., (190 artists) to the Cincinnati Music Hall, Feb. 27, 28 and March 1. The Company which is under the direction of Charles A. Ellis, and presents grand opera in French, Italian and German, succeeded the Danrosch-Ellis Co. of last year, and includes such noted artists as Mme. Nellie Melba, unquestionably the greatest living prima donna; Mme. Johanna Gadski, the eminent German singer, and Zehe de Lussan, a well-known American artist, now a great London favorite, for the leading female singers. Among the male members of the organization are M. Kraus (or Dippel) as principal tenor in the German works; Sig. Panofini in the Italian, and M. Alvarez, leading tenor in the grand opera, Paris, and one of the world's greatest artists, M. M. Bensaude, Stury, Stehman, DeVries, Boudouresque are the principal baritones and basses. A grand chorus, efficient corps de ballet and the New York Orchestra of sixty musicians led by Sig. Sepelli and Walter Danrosch, are also with the organization, which will be in every department the most complete company seen in Cincinnati for years. The repertoire will be Puccini's "La Boheme," Wagner's "Siegfried" (in German), and Gounod's "Romeo and Juliet" (in French).

A subscription sale of season tickets (by mail only), prices \$9, \$6 and \$5, is now open at the John Church Music Co. store. The sale of season tickets from the chart, is open to the public Feb. 10, and the single sale Feb. 22.

GOSSIPY PARAGRAPHS.

Theatrical And Otherwise—Remarks in The Foyer.

The Buckingham theater at Louisville will be rebuilt.

The handsome new opera house at Maysville was opened last night with an entertainment by local talent. The performance will be repeated to-night and to-morrow night.

Mrs. Maria Allen, wife of Col. Ethan Allen, grandson of a revolutionary hero of that name, died in the Metropolitan Opera House in New York Wednesday night just as the curtain went up.

"Darkest America" attracted a large audience to the Grand Monday night but the performance was far from being satisfactory. The alleged jokes of one of the performers were so coarse that some of the people in the audience left the house. "Darkest America" has too much of an "Uncle Tom" flavor to it to be an interesting performance. After the show the members of the company participated in a "social session" tendered them at the U. B. F. hall, on Eighth street by some of the colored citizens.

"Terpsichore's Carnival," which will be given at Lexington to-night, to-morrow afternoon and Monday night for the benefit of the Children's Home, will be the grandest amateur entertainment ever given in Lexington. Three hundred handsome young people will appear in the tableaux, stately minnets, silver spray and jewel ballets, the American Beauty, The Royal Middles, the Snowflake, the Lovers' Quarrel, and the Festival of Vesta. The matinee will begin at 2:15 to-morrow.

ALL WOMEN AGREE.

A druggist in Macon, Ga., says: "I have sold a large quantity of Mother's Friend, and have never known an instance where it has failed to produce the good results claimed for it. All women agree that it makes labor shorter and less painful."

Mother's Friend

is not a chance remedy. Its good effects are readily experienced by all expectant mothers who use it. Years ago it passed the experimental stage. While it always shortens labor and lessens the pains of delivery, it is also of the greatest benefit during the earlier months of pregnancy. Morning sickness and nervousness are readily overcome, and the liniment relaxes the strained muscles, permitting them to expand without causing distress. Mother's Friend gives great recuperative power to the mother, and her recovery is sure and rapid. Danger from rising and falling breasts is done away with completely.

Sold by druggists for \$1 a bottle. THE BRADFIELD REGULATOR CO. ATLANTA, GA.

THERE are eggs and eggs. The egg of yesterday looks, feels, measures and weighs like the egg of last month, but there's a difference in another respect, and that difference is worth money. Its just so with laundry. The difference between good work and poor is slight to the unpracticed discernment, but its a difference that counts every time. It's a difference that changes your laundry bill from an expense to an investment. We do good work—it will cost no more than poor work but its worth double the difference.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was so dire that I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific.

S.S.S. For The Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free to any address by Swift Specific Co., Atlanta, Ga.
